Voting

14.30 – 14.45

Closing

Voting Slips

As a: Development Manager

I would like:

A filter on the units screen for things that I want to see

So that:

I don't have to keep moving columns around each time I go in.

And it will look like:

An option in the filter drop down that says 'my filter'

Client feedback

- **What version are you on?**
- **Any system & user feedback**
- **Q&As**
- **Overall**
